

# 45 MINUTE - CURRICULUM ENRICHMENT SESSIONS (NURSERY AND PRIMARY)

Sessions times: Mon – Fri during term time: 10:00, 10:45, 13:30 and 14:15

These sessions provide opportunities for the children to:

- to listen and learn from the experts (and ask them any questions they may have).
- experience visual and video resources that they can learn from and explore.
- experience a practical learning task in groups supported by your adults and a least 1 member from our team.

SESSION NAME	SESSION OUTLINE	AGE RANGE
BREED, RESCUE, PROTECT!	Pupils will explore the 3 key principles of SEA LIFE through interactive activities.	YR – Y3
HOME SWEET HOME (Habitats)	Pupils will explore the concept of a habitat and how it provides sea creatures with conditions for life.	Y2 – Y4
LIFECYCLES	Pupils will explore how the key aspects of size, reproduction, adaptation and humans influence and shape the lives of sea creatures	Y3 – Y6
SURVIVAL IN THE DEEP (Feeding relationships)	Pupils will explore the predator – prey interaction via food chains that occur in the seas and oceans.	Y3 – Y6

£50 per session – Capacity of up to 32 children -
