

My visit to SEA LIFE Melbourne Aquarium

SEA LIFE
Melbourne

Our school is going to visit the Aquarium in the city.
It is a place where I can look and learn about animals.

We might arrive by bus, train or tram.
We will need to be careful near the busy roads and
listen to the teachers.

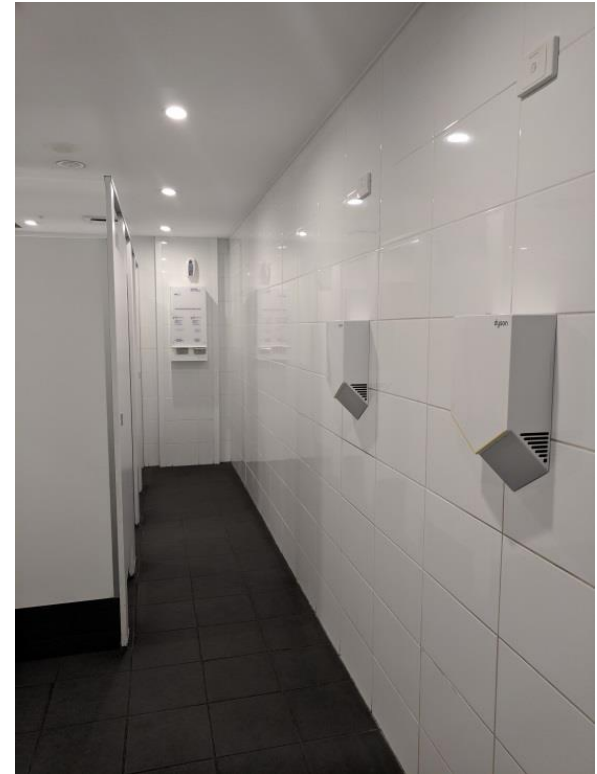

We will wait at the entrance while our teacher goes inside to talk to the staff at front desk.

If there are a lot of us from school, we will break into smaller groups so that it is easier to move around the building.

We will go to the toilet first. If I need to go to the toilet later, I can tell my adult and they will take me. When I dry my hands, the dryer makes a loud noise.

There are lots of different animals that we might see.

If I get lost, I can ask any of the aquarium staff for help.
They wear a blue t-shirt and have a radio to talk to
other people.

Some of the animals are big, some are small. They are all behind glass so I can get very close and be safe.

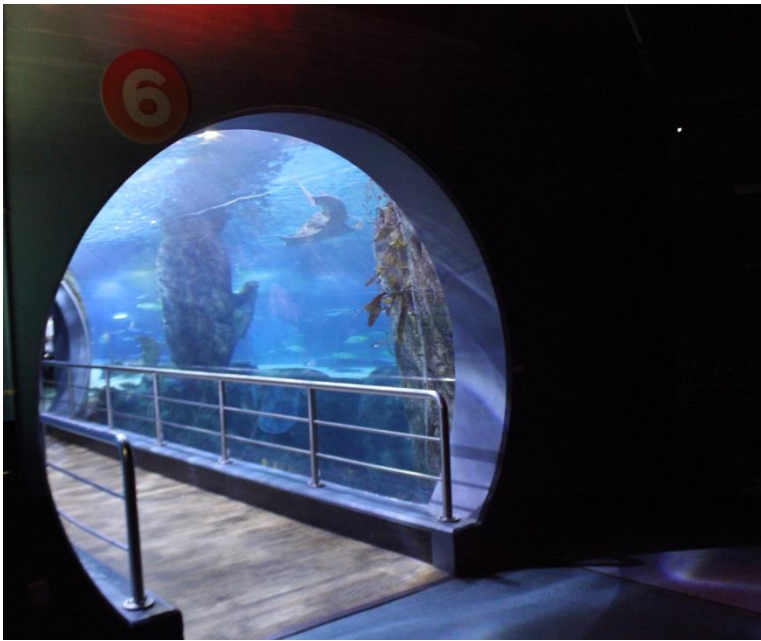

At the rock pools, I will be asked if I would like to touch a sea star, they feel rough and wet.
I will be gentle and wait my turn. I can just look if I don't want to touch.

Moving around the Aquarium we may use the escalators—we need to stand still and hold the handrail.

I will use my quiet voice, even though it may be noisy inside. Some places can be dark and if it makes me feel uncomfortable, I will tell my adult.

Once we have finished we will exit through the shop.
We will walk carefully through the gift shop and get
ready to go back to school.
We had a great day at SEA LIFE Aquarium.
