

SEA LIFE Melbourne

Digital workshops for schools

Overview:

Meet our skilled SEA LIFE educators online, learn about SEA LIFE's incredible animals including your choice of animals, including penguins, sharks, fish and reptiles! Find out how we care for these incredible and unique animals and discover the different habitats our animals need to thrive in this curriculum-aligned workshop.

How does it work?

Aligned with the Victorian Curriculum with a focus on STEM disciplines, our online interactive classes bring students face-to-face with our experienced SEA LIFE Melbourne Educators, inspiring curiosity about the natural world and how they can help to protect it.

Our Educators can run remote workshops by dialling into Zoom or Skype!

What is the workshop

- The workshop runs for a total of 45 minutes
- The workshop runs through the principles of animal care and give students an understanding of what is involved in the average day of a keeper.
- The workshop is designed for students to interact, ask questions, provoke discussion.
- The 45 minute workshop can cover your choice of the following topics:
 - Habitats
 - Animal classifications
 - Food web
 - Life cycles
 - Conservation
- The animals the students can 'meet' can include your choice of:
 - King and Gentoo Penguins
 - 10 species of shark including grey nurse shark and Black Reef Sharks, Sandbar Whaler and Speartooth sharks
 - Reptiles including 5.5 metre crocodile Pinjarra, turtles, snakes, and lizards
- A worksheet will be provided for students to print out and have available as the workshops take place
- A post-workshop worksheet will also be provided to encourage further learning intentions.
