

RECYCLED ZOO

To celebrate **Plastic Free July** we challenge you to create your very own **Recycled Zoo**.

Using **household materials** that would normally make it to the tip choose your **favourite animals** and bring them to life, in a recycled fashion.

Top tips

- ▶ **Egg Cartons** make awesome snakes or crocodiles
- ▶ **Keep those precious toilet rolls** to come in handy
- ▶ **Bottle tops, cotton wool balls** and **string** are great accessories
- ▶ **A coat of paint** can make sure the animals look super realistic
- ▶ **Don't forget to give your animals a safe home** (the bigger the box the better we think!)
